Toys are one of the key factors for playing by children. Parents and adults should be careful in selecting the toys for kids according to their age level. If the toys are not chosen carefully, it can have bad effects and make the children less creative.

Today, going to university is an indispensable part of Iranian lifestyle. It's quite normal for the Iranian high school graduates to attend universities after receiving their High school diploma. The most important question remaining to be answered is how well the universities prepare students for their future carrier?

Finding a well-paid job has some advantages. One of the most important ones is that when you have a job, you can have a better social life because there are a lot of people who can be met. The other benefit is that you can be independent to make money. Finally, by finding a well-paid job, people can have more communication and make money.
